ABOUT US

The Fond du Lac Humane Society is dedicated to providing humane care and treatment to all animals needing protection, and to enhancing the lives of animals and people through education, adoption, and compassion.

Established as a 501(c)3 nonprofit organization in 1969, the Humane Society cares for approximately 2,000 animals per year at the facility. In addition to animal care, the society offers pet adoption, humane education, lost & found services, microchipping, and cremation services. In an additional effort to help end pet overpopulation, the society also offers a spay-neuter assistance program (SNAP) to provide financial assistance to low income families who wish to sterilize their pets.

The goal of our 16th Annual DogGone golf outing is to provide a fun afternoon for all while raising funds to continue our mission. Last year we raised over **\$8,000** at the golf outing to help care for animals looking for a forever home. We are hoping to improve that total this year!! Please join us!!

The Fond du Lac Humane Society thanks you for your support!!!
