

We Believe in Miracles

Just ask...

Bleu; Bleu was hit by a car and is currently recovering from a leg amputation at the shelter.

Maggie; Maggie's intestines were herniated and bulging between her back legs. This life threatening condition made the use of her back legs very difficult and painful. She had surgery and was adopted.

And then there was the tote filled with cats and kittens left outside our door. All have found forever homes. These are just a few of the 1400 animals who found shelter and veterinary care at the Fond du Lac Humane Society in 2017. Many of these animals were homeless, abused, neglected and unwanted. We are there for them as you our supporters are there for us. We want to always be there for them and with your help we can continue to bring them *MIRACLES!* Thank you for your support!

I Do Believe in Miracles!

I want to make sure the Fond du Lac Humane Society animals get a second chance.

- Keep animals warm, fed, and cared for in the shelter while they wait for adoption.
- Support the Sweetie Medical Fund to save injured animals that are otherwise healthy.
- Purchase medical equipment for our veterinarian to provide a greater level of care for the shelter animals.
- Please use my gift where it is most critically needed.

The Fond du Lac Humane Society is a not-for-profit 501c3 organization and receives no state or federal funding. We rely on the support of our community for supplies and donations to keep our doors opened for this necessary service. Through your kindness and a donation, the abandoned and surrendered animals can continue to stay safe in what they always hope will only be their temporary housing. 100% of all donations are tax deductible and remain at the Fond du Lac Humane Society to support animal care. As a community, together we can make **Miracles** happen.

We sincerely appreciate your support and Thank You!
